

PRODUCT SPECIFICATION

Polyether Polyol (Puranol D4021)

Chemical Name	: Polyether Polyol		
HS Code	: 3907209000	CAS number	: 25322-69-4
UN Code	: Not Applicable	DG Class/PKG GP	: Not Applicable
Applications	: It is used for the production of semi rigid or flexible polyurethane, elastomer plastic, intermediates of chemical synthesis.		
Packaging	: 200kg per drum, 16MT per 20-ft FCL container with pallet		

Characteristics	Unit	Guaranteed Values
Appearance	-	Colorless or slight yellow transparent
